		Sprint 7 Retrospective	
11/15/22 - 11/21/22	Did you finish?	What did you do well?	What went wrong during the sprint?
Sierra	No	coding registration, authentication and authorization	Sprint planning of the work items
David	No	I think I did well with coding and creating tests	I was not able to build code as our low level design was not built well enough.
Bryant	No	Created simple error handling for AuthN.	Resolving specific error handling cases was not possible until code was done.
Abhay	Yes	Created a LLD for Authentication and Authorization	Did not have enough knowledge on SOLID principal and Principal library, to make a good LLD
Faisal	yes	Created a input validation class for registration	got burnt out
Tania	Yes	Was able to add the succes and failure cased for the BRD	Ask more questions about how the BRD should be formatted.
11/15/22 - 11/21/22		If not finished what were the tasks that are uncompleted?	What can you do better? What actions are you going to take on future sprints to solve these problems?
Sierra	The LLD designs for authorization, and authentication		Finish work items instead of just working on them.
David	We did not finish th	e LLD as we planned.	I need to figure out how to better design LLD.
Bryant	Error handling for F	Registration and AuthZ were not completed.	Need to understand what to complete first and make sure it is correct because the work items builds off of them.
Abhay	N/A		More communication with the supervisor and research
Faisal	N/A		Be more efficient with managing my time and formatting code better
Tania			
		Sprint 8 Retrospective	
11/22/22 - 11/28/22	Did you finish?	What did you do well?	What went wrong during the sprint?
11/22/22 - 11/28/22 Sierra	No	What did you do well? Work on the BRD and add core requirements and feedback	Did not finish updating the BRD
•	No No	What did you do well?	
Sierra	No No Yes	What did you do well? Work on the BRD and add core requirements and feedback	Did not finish updating the BRD
Sierra David	No No	What did you do well? Work on the BRD and add core requirements and feedback I was able to make good progress with the HLD.	Did not finish updating the BRD We had little time due to thanksgiving trip and had trouble following SOLID.
Sierra David Bryant	No No Yes	What did you do well? Work on the BRD and add core requirements and feedback I was able to make good progress with the HLD. Fixed mistakes on HLD based on feedback.	Did not finish updating the BRD We had little time due to thanksgiving trip and had trouble following SOLID. Got stuck on principal and identities in LLD.
Sierra David Bryant Abhay	No No Yes	What did you do well? Work on the BRD and add core requirements and feedback I was able to make good progress with the HLD. Fixed mistakes on HLD based on feedback. Worked on LLD and HLD	Did not finish updating the BRD We had little time due to thanksgiving trip and had trouble following SOLID. Got stuck on principal and identities in LLD. There were several times we needed to rework LLD, which was not very effective
Sierra David Bryant Abhay Faisal Tania	No No Yes No	What did you do well? Work on the BRD and add core requirements and feedback I was able to make good progress with the HLD. Fixed mistakes on HLD based on feedback. Worked on LLD and HLD Helped with the BRD and LLD	Did not finish updating the BRD We had little time due to thanksgiving trip and had trouble following SOLID. Got stuck on principal and identities in LLD. There were several times we needed to rework LLD, which was not very effective
Sierra David Bryant Abhay Faisal	No No Yes No	What did you do well? Work on the BRD and add core requirements and feedback I was able to make good progress with the HLD. Fixed mistakes on HLD based on feedback. Worked on LLD and HLD Helped with the BRD and LLD	Did not finish updating the BRD We had little time due to thanksgiving trip and had trouble following SOLID. Worked on LLD and HLD Helped with the BRD and LLD Worked BRD added things that we didn't do the first time in the BRD	Did not finish updating the BRD We had little time due to thanksgiving trip and had trouble following SOLID. Got stuck on principal and identities in LLD. There were several times we needed to rework LLD, which was not very effective finding out if we were right or wrong before moving forward
Sierra David Bryant Abhay Faisal Tania	No No Yes No No Yes BRD and LLDs for	What did you do well? Work on the BRD and add core requirements and feedback I was able to make good progress with the HLD. Fixed mistakes on HLD based on feedback. Worked on LLD and HLD Helped with the BRD and LLD Worked BRD added things that we didn't do the first time in the BRD	Did not finish updating the BRD We had little time due to thanksgiving trip and had trouble following SOLID. Got stuck on principal and identities in LLD. There were several times we needed to rework LLD, which was not very effective finding out if we were right or wrong before moving forward What can you do better? What actions are you going to take on future sprints to solve these problems?
Sierra David Bryant Abhay Faisal Tania 11/22/22 - 11/28/22 Sierra	No No Yes No No Ses No The LLD parts that	What did you do well? Work on the BRD and add core requirements and feedback I was able to make good progress with the HLD. Fixed mistakes on HLD based on feedback. Worked on LLD and HLD Helped with the BRD and LLD Worked BRD added things that we didn't do the first time in the BRD If not finished what were the tasks that are uncompleted? authentication and authorization	Did not finish updating the BRD We had little time due to thanksgiving trip and had trouble following SOLID. Got stuck on principal and identities in LLD. There were several times we needed to rework LLD, which was not very effective finding out if we were right or wrong before moving forward What can you do better? What actions are you going to take on future sprints to solve these problems? Get feedback on LLD and BRD earlier to fix them. Going to start requesting feedback sooner
Sierra David Bryant Abhay Falsal Tania 11/22/22 - 11/28/22 Sierra David	No No Yes No No Yes BRD and LLDs for The LLD parts that Task from sprint 7 v	What did you do well? Work on the BRD and add core requirements and feedback I was able to make good progress with the HLD. Fixed mistakes on HLD based on feedback. Worked on LLD and HLD Helped with the BRD and LLD Worked BRD added things that we didn't do the first time in the BRD If not finished what were the tasks that are uncompleted? authentication and authorization I was assigned was not finished.	Did not finish updating the BRD We had little time due to thanksgiving trip and had trouble following SOLID. Got stuck on principal and identities in LLD. There were several times we needed to rework LLD, which was not very effective finding out if we were right or wrong before moving forward What can you do better? What actions are you going to take on future sprints to solve these problems? Get feedback on LLD and BRD earlier to fix them. Going to start requesting feedback sooner I will try to ask the professor more questions about SOLID to figure out how to better implement it. Need more research to understand our capacities and what work items we can handle.
Sierra David Bryant Abhay Faisal Tania 11/22/22 - 11/28/22 Sierra David Bryant	No No Yes No No Yes BRD and LLDs for The LLD parts that Task from sprint 7 v	What did you do well? Work on the BRD and add core requirements and feedback I was able to make good progress with the HLD. Fixed mistakes on HLD based on feedback. Worked on LLD and HLD Helped with the BRD and LLD Worked BRD added things that we didn't do the first time in the BRD If not finished what were the tasks that are uncompleted? authentication and authorization I was assigned was not finished. were not completed which were still not finished in this sprint.	Did not finish updating the BRD We had little time due to thanksgiving trip and had trouble following SOLID. Got stuck on principal and identities in LLD. There were several times we needed to rework LLD, which was not very effective finding out if we were right or wrong before moving forward What can you do better? 		Sprint 9 Retrospective	
11/29/22 - 12/7/22	Did you finish?	What did you do well?	What went wrong during the sprint?
Sierra	Yes	Work on the BRD and seperate the use cases	did not finish the LLD for authorization
David	Yes	I did lots of work on the BRD and decent help witht the project plan.	Not much went wrong except i should have spent more time on the project plan to add mroe details.
Bryant	Yes	Cleared up many errors in the HLD.	Nothing got in the way of completing the HLD
Abhay	Yes	Reworking LLDs and BRD with feedback and effective reworks	Nothing got in the way of working this sprint
Faisal	Yes	Helped with BRD and finished up Project plan	I didnt account for research time when making proejct plan
Tania	Yes	Helped with the BRD	Finish sooner so we can implement the feedback on time in case something went wrong
11/29/22 - 12/7/22		If not finished what were the tasks that are uncompleted?	What can you do better? What actions are you going to take on future sprints to solve these problems?
Sierra	Finished the BRD b	ut not the LLD	Going to start assigning deadlines to make sure things get done timely and not last minute
David	None, we finished the BRD and Project plan.		Having more time in the future sprint by not having anymore family trips out of town.
Bryant	N/A		Send HLD more often to get more feedback.
Abhay	Abhay N/A		I think my performance was satifactory
Faisal	N/A		I give myself a pat on the back
Tania			I can ask more questions to the professor instead of sending BRDs
